

ODESA I. I. MECHNIKOV NATIONAL UNIVERSITY

The Odesa I.I. Mechnikov National University (ONU) was established in 1865 as the first university in Odesa. Today, the University offers approximately 140 educational programs in Natural Sciences and Humanities for Bachelor's, Master's, and PhD students across 12 faculties. Its vibrant campus life, combined with Odesa's cultural and historical charm, makes it a hub for intellectual and personal growth. As the successor of Odesa State Environmental University through a 2024 merger, ONU preserves its legacy and continues its traditions in environmental and hydrometeorological education and research. The University has integrated the academic and scientific expertise of both institutions, ensuring the advancement of interdisciplinary studies and innovative solutions to pressing environmental challenges.

VENUE

The conference will be held on the premises of Odesa I. I. Mechnikov National University. On request Ukrainian participants will have the opportunity to participate in the Conference by face-to-face, other participants will be invited to participate in the conference online

REGISTRATION

The registration of participants and information on accommodation is available at the conference web site of www.cs2025.onu.edu.ua.

ABSTRACTS

Abstracts should be submitted before 1 March 2025 to the email address inter.conf@onu.edu.ua. In order to format your abstracts please use the template, provided on the conference site.

CLIMATE SERVICES:
SCIENCE AND EDUCATION

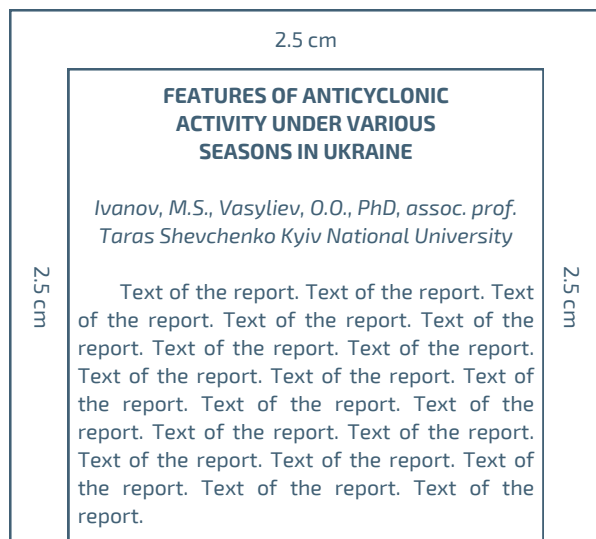

The Second International
Research-to-Practice
Conference

16-18 April 2025 Odesa, Ukraine

REQUIREMENTS FOR DESIGN OF THE ABSTRACTS

- The total volume of abstracts: 2 (full) pages (including figures and tables).
- Electronic version in a *.doc or *.docx format and it should be named after the first author (the main speaker), for example, Ivanov.doc;
- Sheet size is A4 210x297, portrait orientation;
- Type: Times New Roman Cyr, 14.
- Margins: 2.5, 2.5, 2.5 cm. Indentation - 1 cm.
- Line spacing - 1.0. Hyphenation off. Justified alignment;
- 1st line: title of the report (caps, bold, center);
- 2nd line: blank;
- 3rd line: full name, academic degree and title of the main speaker (bold, italics), academic degree and title of co-authors (only italics);
- 4th line: affiliation with a full name of the institution;
- 5th line: blank.

Example of the abstracts

TOPICS

1. Issues of climate services in the areas:

- agriculture and food security
- energy
- transport
- construction and architecture
- city management
- health
- water management

2. Education in climate services

3. Climate risks and adaptation to climate change on regional and local levels

A Round-table discussion 'Fostering Climate Change Awareness and Cultivating Green Skills Among Youth for a Sustainable Future' will be held in the framework of Erasmus+ Project Climate University for Virtual Exchanges - CLUVEX.

A Round-table discussion 'Bridging the gap between provision climate services and needs of climate-dependent sectors' will be held in the framework of Erasmus+ Project Multilevel Local, Nation- and Regionwide Education and Training in Climate Services, Climate Change Adaptation and Mitigation – ClimEd

In 2024, Odesa I. I. Mechnikov National University expanded its academic offerings through the Faculty of Hydrometeorology and Environmental Sciences (FHM&ES), established on the foundation of the former Odessa State Environmental University (OSENU) merged with ONU. This integration has strengthened the University's expertise in hydrometeorology and environmental sciences.

OSENU was a global leader in hydrometeorological education for over 50 years, training specialists for the World Meteorological Organization (WMO). Its internationally recognized curricula meet WMO standards and are acknowledged by hydrometeorological services worldwide. The Faculty of Hydrometeorology and Environmental Sciences continues these traditions.

At OSENU (now FHM&ES), PhD and MSc programs in Climate Services have been developed as a priority in hydrometeorology by the WMO under the Erasmus+ Project 619285-EPP-1-2020-1-FI-EPPKA2-CBHE-JP. The PhD and MSc curricula will be based on WMO regulations.

LOCAL ORGANISING COMMITTEE AT ONU

Vyacheslav Truba,

Chair, Rector, Professor

Mykola Serbov,

Vice-Chair, Dean of Faculty of Hydrometeorology and Environmental Sciences, Professor

Valeriya Ovcharuk,

Vice-Chair, Head of Department of Land Hydrology, Professor

Inna Khomenko,

Secretary, Associate Professor of Department of Meteorology and Climatology

Members:

Mykola Berlinskyi,

Professor of Department of Oceanography and Marine Nature Management

Yurii Hrinchenko,

Head of Office for International Relations

Nataliia Loboda,

Professor of Department of Land Hydrology

Oleh Prokofiev,

Head of Department of Meteorology and Climatology, Associate Professor

Alina Semerhei-Chumachenko,

Associate Professor of Department of Meteorology and Climatology

Andrii Smitiukh,

Vice-Rector for Research, Teaching and International Cooperation

Oksana Volvach,

Head of Department of Agrometeorology and Agroecology, Professor

Conference LOC Support Team:

Volodymyr Andrusenko,

Head of Research Laboratory of Department of Military Training

Liliia Kushchenko,

Vice-dean of Faculty of Hydrometeorology and Environmental Sciences,

Olena Tymko-Koriagina,

Engineer of Department of Land Hydrology

Alla Tolmachova,

Associate Professor of Department of Agrometeorology and agroecology

Darii Verbitskii,

Engineer of Department of Meteorology and Climatology
